City Charter.

To-day we present the dark of the City Charter now in the hands of the Borough Council. It will be seen that it hes undergoneone in sterial amendments since our publication of the samp sis, and we understood that some further after

amendments since our publication of the strops, and we understand that some farther alters tions are contemplated.

The third section, providing that members of the Common Council shall possess the same qualifications required by the Constitution of the Common Council shall possess the same qualifications required by the Constitution of the One members of the Hand of Representatives—by a three years residence is particularly notwodens. The off regards is, as there years are the particularly notwodens. The off regards is, as should observe something of the spirit and Individual of the Council decorment, as received new Minter. To proscribe above a fine that they follow the received of the Council decorment, as received not some and an individual of the spirit and individual of the spirit and the spirit of the spirit of the prosecution that the structure of the outer of the spirit of the nature that only the nature of the nature of the control of the nature of the theory of the first proposition of a Park for an I various.

nost respects we think the provisions of the

ments at this juncture PS—The salver, as written and the draft of the chaiter was in type, yesterd y afternoon but at a meeting of the Council, has exending, seen is important annualments were effected. The qualifiections of numbers of the city to match and other officers are changed to read shall be lead and qualified voters," instead of "shall have the qualifications required by the Constitution of the Commonwealth for incultures of the Hance of Representations."

Commonwealth for members of the Jones of Representatives."
We are unable to present the culter drut of the bill in this issue, but shall publish the rendander if possible on Monday

Board of Frade.

The members of this institution is bill then different at hidr new rooms in Wiles back at 8 o'clock last evening. Considering the incluming of the wather, the section of the Borough Council, which was held bed evening and that several of the members were out of cown, the stendance was barge. The bearing modeling presalted, and the gentlement had o'clot to Indiage in mutual congrutuations over the success of the culterplise.

comp prevailed, and the gentlemen had o \(\text{PL}\) by to linding the mutual congruidations our the success of the outlerpils.

It is a matter of no small moment that we have such an institution established and much particularly the rooms elected becommodious, exyofacters, and control in location. In its arrangements for the elegraph office, for the offices does, and the outlet of the privation of the electric does and the place of the electric does and the electric does and the electric does and the electric does and the electric does not be electric does and the electric does are determined to such deep and the electric does are determined to the electric does and the electric does are determined to the electric does are deed to the electric does are determined to the electric does are d
